Corner sofa-bed

Removable cover

Choice of cover

Washable cover

Easy, comfortable and convenient – day and night

The sofa beds in HOLMSUND series are easy and convenient to live with around the clock. You simply convert the sofa to a bed and the bed to a sofa by pulling out or pushing in the underframe. The cover is durable and machine washable, so messes and spills are no disasters. Bed linen and other accessories can be stored in the space under the seat. So you get a stylish and durable sofa by day and a comfortable and spacious bed by night.

HOW TO CONVERT

It is easy to convert HOLMSUND sofa-bed into a spacious and comfortable bed. First, remove the back cushions. Then lift and pull the seat and under-frame towards you.

A storage space will open up under the seat. Then simply fold down the back frame to cover the storage section and enjoy a good night's sleep.

It is easy to convert HOLMSUND corner sofa-bed into a spacious and comfortable bed. Simply pull the under frame towards you and lift up the mattress section.

Storage for bed linen or back cushions is to be found in the chaise-lounge.

* The seat depth and total height depend on how you angle the loose back cushions.

Our fabrics have been tested

At IKEA we test the fabric covers on our sofas and armchairs so you can be sure they're durable. The fabric's ability to resist abrasion is tested by using a machine to rub it against another fabric while applying firm pressure. A fabric that can take 15,000 cycles is suitable for furniture that must withstand everyday life at home – and if it can take more than 30,000 cycles, it is very resistant to abrasion. All fabrics are sensitive to sunlight, which is why we also check that our fabrics resist fading effectively.

Durable in different ways

Tough tests are an important way to check the durability of our fabric covers, but they don't tell the whole story. Durability also depends on materials, construction and manner of use. Heavy, tightly woven fabrics with a flat surface are most resistant to abrasion. Fabrics with a mixture of natural and synthetic fibres can withstand abrasion better than fabrics with only natural fibres. Yarn-dyed fabrics are more durable than fabrics with printed patterns. And a dirty cover wears out faster than a clean one. The fabric is also affected by how you use your sofa of course.

	Washing instructions	Resistance to abrasion (cycles)	Light fastness (0-6)
NORDVALLA: extra hard-wearing polyester twill cover.	Machine washable at 40°C.	50.000	5
ORRSTA: Two toned subtle structure. 65% polyester 35% cotton.	Machine washable at 40°C.	20.000	5
