Quality, design and smart details

The NORDLI series is distinguished by high quality and clean, contemporary design that makes it a stylish choice for the bedroom. It has smart details, like soft-closing drawers and a bed frame with storage. The series also includes different modular chests that you can combine to perfectly suit your space. The chests offer super-flexible storage – not only for your bedroom but for other rooms, too – like the living room, hallway or even your business.

All the products (shown here) may not be available at the store. Please contact the staff or look at www.IKEA.com.cy for more information. For more detailed product information, see the pricetag and the Internet. All units require assembly.

We have a wide range of pre-designed combinations to choose from. Some are included in this brochure, and more combinations can be found in the store and on our website at www.IKEA.com.

Start by choosing the width of your solution. The top and plinth are sold together and come in widths of 40 cm, 80 cm, 120 cm and 160 cm. Then choose the size and colour of your modular chest of drawers. For the different sizes please see the list below.
